

## Assignment : Bandwidth

1. On your class portfolio website, create a new page called “Bandwidth”
2. This new page will contain the following information:
  - Define "Bandwidth" and explain how it relates to "Data Transfer"
  - Explain the difference between 3G and 4G
  - Compare and contrast the Mobile Bandwidth for 3G, 4G and WiFi devices
  - Develop an analogy which can be used to represent the relationship between bandwidth and data.
3. All information must be visible on your website. You may use information from other websites, but may not link to them.
4. You will be graded only on the information visible on your "Bandwidth" page.
5. All information must be in your own words. Remember what you learned about Copyright laws. If you plagiarize information from other websites or sources you will receive a 0 – no excuses, no exceptions. If you use internet images, make sure you site your sources.
