

# Digital Citizenship

## Introduction

1. Create a new page on your website titled "Digital Citizenship"
2. Answer the following questions:
  - a. How do you share information for fun with others online?
  - b. What social media sites do you use?
  - c. What are 5 ways that people can share information online in a positive and rewarding way?
  - d. What are 5 ways that people overshare or share inappropriate information online that can have negative consequences?
  - e. What is a digital footprint?
  - f. How can you create a positive digital footprint?
  - g. Take 5 minutes to search for yourself online. Did you find anything that reflects negatively on you? Is there anything online that you would not want colleges or employers to see?
